Biggest Lunch for a Big Cause

South Gippsland Water staff at Foster have recently participated in the 'Biggest Morning Tea' to raise funds and awareness for the Cancer Council Australia.

This year was another great success. The event is run as a luncheon to allow more staff to participate and include the Board of Directors. As Janice Pell, the organiser put it, "we quickly realised we couldn't eat enough of the scrumptious food at morning tea, a lunch makes much more sense!" Following official proceedings staff enjoyed a wide variety sandwiches, hot food and cakes.

Once again staff members baked and donated food for the lunch which included two courses as well as a raffle. Thanks must also go to Bromely's Café in Foster for supplying raffle prizes and to all the staff who contributed on the day.

Between lunch donations, raffle tickets and South Gippsland Water's staff fundraising some \$1,440 was raised for the worthy cause.
