

CUSTOMER SCORECARD

2018/19 - FULL YEAR AS @ 30/6/19

We will partner with community, local government and business to plan for future years

We will be reliable, minimise unplanned interruptions to services and commit to communicating well with our customers

Provide a safe wastewater service that contributes to the health and liveability of our communities and environment

Provide safe, clean drinking water for the benefit of our customers and communities

Be environmentally responsible, sustainable and adapt to a future impacted by climate variability

Treat all customers /community with honesty, respect and strive to balance affordability, value for money and fairness

A long term water security strategy is in place, developed in consultation with key stakeholders - reviewed by June each year.

Water security outlooks for the Corporation's water supply systems are developed and published in November each year.

Water security improvement works commissioned for Lance Creek Water Supply System by June 2019

There will be no water restrictions applied to the Lance Creek Water Supply System

On average, we will respond to sewer spills and blockages within 30 mins

Contain sewer spills within 5 hrs
