Water Main Lowering Project – Corner Williams Street & Abeckett Street Inverloch

- ***Works to be undertaken on 30th June & 1st July 2014***
- ***No interruption to water supply expected***

South Gippsland Water will commence a project to lower a section of the water main in Abeckett Street Inverloch. A section of approximately 10 meters at the intersection of Abeckett Street and Williams Street Inverloch will be altered.

These works will enable storm water system improvements to be made by the Bass Coast Shire Council in future.

Works will be localised between the Esplanade Hotel and the Inverloch Chinese Restaurant. Car parking will be affected on the north side of Abeckett Street and traffic alterations in Abeckett St and at the Intersection of Abeckett Street and Williams Street will be in place on the 30th June and 1st July 2014.

For further information regarding this project, please contact project officer Dean De Menech on 5682 0438.
