

Monday 4th June 2018

Storage and Rainfall Update

Rainfall recorded at South Gippsland Water's storages from **26th May – 1st June 2018** was Lance Creek 22mm, Ruby Creek 11mm, Coalition Creek 14mm, Deep Creek 2mm, Little Bass 15mm and Battery Creek 1mm.

Total rainfall recorded for the month of May 2018 was Lance Creek 124mm, Ruby Creek 106mm, Coalition Creek 125mm, Deep Creek 80mm, Little Bass 123mm and Battery Creek 126mm.

South Gippsland Water's Managing Director, Philippe du Plessis said that "The past week has seen mixed results with the two critical system Korumburra and Poowong, Loch, Nyora showing slight improvement. However, the rest of the systems either held steady or declined. More rain is needed for all systems to recover. As a result, Stage 3 Water Restrictions remain in place for Korumburra which is sitting at 35% capacity".

All customers are encouraged to ensure that they are following either **Stage 3 Water Restriction rules for residents of Korumburra or the Permanent Water Saving Rules for all other townships**, which are low level restrictions on the use of drinking water in the home and garden.

Stage 3 Water Restriction Snapshot:

- Watering of lawns is BANNED
- Sprinkler Systems cannot be used.
- Gardens (not lawns) can only be watered between 6am–8am on **alternate days***.
- Sporting Grounds – Watering is BANNED on non-exempt playing surfaces e.g. grassed oval or fairway. Some components of grounds can be watered e.g. Tennis Court, Lawn Bowls & Croquet Green, Golf Green & Tee (but not fairways/approaches). Watering may only be done between the hours 6am - 8am on **alternate days***.
- ***Alternate days** means odd numbered houses can water on odd dates of the month and even numbered houses can water on even numbered dates. Both odd and even numbered houses can water on the 31st of the month. Where there is no house number the property is considered an even numbered house.
- Hosing concrete, paving and hard surfaces is BANNED except for construction purposes, in an emergency, or to address a health or safety hazard.
- Vehicles can only be washed via a bucket filled directly from a tap and then only to spot clean, windows, mirrors and lights.
- Pools cannot be filled, topped up or replaced without prior written permission by South Gippsland Water.

Permanent Water Saving Rules Snapshot:

- **Water during the cool** – Between 6pm and 10am.
- **Sweep, don't hose** – Hosing hard surfaces such as paths and driveways is not permitted.
- **Install trigger nozzles** - All outdoor hoses are required to be leak free and fitted with trigger nozzles".

Any customers who have questions or concerns regarding their water supply can contact South Gippsland Water's friendly Customer Service Team on **1300 851 636**.

Reservoir	Major towns supplied	Capacity level %	Current Status
Lance Creek	Wonthaggi, Inverloch and Cape Paterson	69	Permanent Water Saving Measures
