

## Storage and Rainfall Update

Rainfall was recorded at South Gippsland Water's storages from **27<sup>th</sup> August 2016 – 2<sup>nd</sup> September 2016**. Lance Creek 1mm, Ruby Creek 8mm, Coalition Creek 12mm, Deep Creek 9mm, Little Bass 7mm and Battery Creek 25mm.

Entering into spring, all systems have been well replenished by winter rainfall and levels are where they should be for this time of year.

South Gippsland Water encourages customers to always use water wisely. Permanent Water Saving Rules continue to be in place across all Victorian systems and townships.

Information comparing water storage levels can be found in the Services section of South Gippsland Water's website [www.sgwater.com.au](http://www.sgwater.com.au).

Reservoir	Major towns supplied	Capacity level %	Current Status
Lance Creek	Wonthaggi, Inverloch and Cape Paterson	100	Permanent Water Saving Measures
Ruby Creek	Leongatha and surrounds	100	Permanent Water Saving Measures
